¹ This list, comprising over 1500 names, is to be found in the back of vols. 5 and 7 of the Records of the Corporation of Liverpool, deposited in the Town Clerk's Office, Leasing Department, Liverpool. The entries were originally arranged chronologically, but vol. 5 has been rebound and the pages have been misplaced. The entries are apparently not official, and most of the writing can only be described as scribbling. The writer or writers—the entries seemingly being made by three different scribes—were evidently employed to draw up the indentures. The words "pd." and "delivered" in the margin appear to refer to the indentures, and there is one entry stating that twenty shillings was paid for four indentures.—E. F.

The use of apostrophes at the end of words has been rendered necessary to represent the signs of abbreviation in the original manuscript.
